WELL KNOWN ATENA WOMAN PASSES AWAY

(Special Correspondence.)
Athena, Or., July 15.—Mrs. Luella Caplinger, who has been ill for the past six months, passed away at her home near Athena Friday, July 12. At the time of her death she was 53 years, 6 months and 17 days old.

Besides leaving a husband, Mrs. Caplinger leaves a large family of

children, all of whom are married. Mrs. Caplinger was loved by all of those who knew her.

The funeral took place Sunday at the Christian church, Rev. Lord of Milton officiating.

Clarence Gay of Toppenish, is visiting in Athena.

H. McDonald of Walla Walla, was in the city Saturday.

Miss Nora Smith of Weston, was in Athena Saturday.

Miss Lura Flock of Holdman is visiting friends in Athena.

Mrs. W. W. Raymond of Walla Walla, came over from that city Saturday.

R. L. Johnson of this city filled an engagement at Echo where he played for an open air dance.

S. M. Booher and family left today to spend the week at Bingham Springs.

Doing hard work in a bent or stooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of BALLARDS SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1.00 per bottle. Sold by A. C. Koepfen & Bros.

An innovation in passenger service has been introduced by the Lehigh Valley Railroad. It is afternoon tea, served regularly on the Black Diamond express to and from Buffalo. Many Englishmen travel upon this train and their fondness for tea suggested the plan.

When you feel lazy, out of sorts and yawn a good deal in the daytime, you can charge it to a torpid liver which has allowed the system to get full of impurities. HERBINE cures all disorders produced by an inactive liver. It strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 50c. Sold by A. C. Koepfen & Bros.

Many a man is a woman hater despite the fact that he has never married.

UMATILLA COUNTY WILL YIELD LARGE CROP OF WHEAT

(Hyman H. Cohen in Portland Journal.)

The extreme light sections of Umatilla county are coming into their own this season and present indications are that the expected increase in the production of this section will be where the yields are usually small.

For several seasons the light land farmers have passed through a siege of drouth. This year they are going to get good interest on the smaller showing of recent seasons.

With a rainfall well above normal—the official report being that for the season up to July 1 there was a precipitation of 14.17 while the normal rainfall for the year is but 14.07 inches.

One real serious difficulty has confronted the Umatilla wheat grower this season. His crops have been entirely too heavy. The grain has grown heavier than ever before and while the light lands have much the best prospects in proportion to the normal output, the proportion to the normal output, the real good fields have a showing that none can be ashamed of. The big trouble is that the wheat is so heavy that considerable of it has fallen to the ground.

Forty Bushels to Acre.

Naturally this refers to the grain on the reservation for there is none like it in any part of the country, no matter how good the crop prospects.

Fields that would have easily cut from 50 to 60 bushels an acre, had prospects remained as they were a month ago, will now probably average 40 bushels.

This loss in initial prospects is due entirely to the great bunches of wheat on the ground and which there is little hope of saving.

It is not the stand of wheat that caused the damage, for the standing along the reservation is always heavy. The heads are of such enormous size that the stalks, while bigger than usual, are not sufficiently strong to hold the grain aloft when the wind blows or the rain falls.

Some little damage was done by frosts as well as hot winds last month, but the excellent prospects since then and the general good average of the grain altogether makes the loss of such a nominal nature that it can scarcely be considered as a factor this season. Were the same thing to have happened in recent years, it would have made considerable difference with the total output. It might be said that the damage was one of the best things that could have happened to the crop and had it been slightly greater the total output would have been even better.

Exceptional Prospects.

The big growers of the reservation all have the best crop prospects in years. Besides others there are Messrs. George Peringer, Caldwell, Reinhart, Crow and Mann. The Reinhart crop is perhaps the biggest yield per acre on the reservation, but the average of the various fields is so close that little comparison can be made. In fact the entire reservation has a field of growing wheat that resembles a ballroom floor, so even in the growth and general prospects.

On the reservation considerable barley is down but even so indications point strongly to an average of 40 bushels. North of Pendleton, the estate of W. P. Temple has 1200 acres of club that will likely reach an average of 35 bushels. Chris Breding, in the same section, with 1000 acres of club, has practically the same indications.

Will Mean Big Profits.

West and south of Pendleton the crops will be fully double that of a year ago, and some really believe that the increase will be greater than this.

This portion of Umatilla county is growing more Jenkins club wheat this season than ever before. While the club variety has always been the standard of this section it is stated generally that the Jenkins has actually demonstrated that it will produce from five to ten bushels per acre more than what is known as standard or Little club.

Operations Delayed.

Harvest operations in this section are delayed about two weeks from the normal owing to the cool weather when ripening should have been forced.

This has not been a drawback, in fact has added to the prospects and has made the grain of superior milling quality. There will be little smut in this year's wheat crop from present indications and this too will be a factor of importance in marketing.

Little Call for New Crop.

Recently there has been practically no activity in the call for new wheat. While some weeks ago there was quite a spurt of buying, buyers are now inactive and are awaiting more definite news regarding world market conditions before operating on a more extensive scale.

ROOSEVELT CLAIMS CREDIT FOR FIGHT AGAINST LORIMER

Colonel Says He Was First to Call Attention to Senator's Bad Record—Crane Never in Line.

Oyster Bay, N. Y., July 15.—"The Lorimer fight was my fight and the victory is my victory," exultantly shouted Colonel Theodore Roosevelt when informed of the action of the senate in declaring void the election of the Illinois senator.

"There never would have been a serious attempt to oust Lorimer," Roosevelt continued, "if it had not been for me. The whole thing began when I refused to dine with Lorimer at the Hamilton club in Chicago two years ago. If I had sat quietly through that dinner there would have been no division in the senate committee and the entire subject would have been dropped. I made the stand against Lorimer then. When it looked as though the fight would be dropped anyway, I took up the case against Lorimer on the stump again last year, and as a result the senate was forced to act. Lorimer made it plain in his speech that he blamed me. I wanted him to do so."

AT THE PICTURE SHOWS

Orpheum.

An exceptional good program for Sunday's change. Four full reels of the best pictures.

1. "The Cylinder Secret." Vitagraph. Uncontradictory evidence. It comes straight from the dictating machine and reveals a secret that saves an innocent man. Miss Lillian Walker and Mr. Harry play splendid holes in this film.

2. "Very Much Engaged." Edison. This is a lively comedy depicting how Reuben "the village heartbreaker," toyed with the love of a number of ladies, each believing him to be true. While thus engaged his heart took fire for one of them and the wedding bells ring true.

3. "A Romance of the Border." Lubin. A melodrama in which the heroine's father is the hero. He is a sergeant. A young Mexican is in love with his daughter and he favors the match. Captain Field tries to force his attentions upon the daughter but is not encouraged by the daughter.

4. "Max Sets the Fashion." Pathe. Played by Max Linder, famous comedian, this picture is full of laughs from beginning to the finish. How Max lost his shoes on his way to his wedding and borrowed a pair of brogans and arrived with his feet encased in these hobnail monstrosities.

5. "Costumes of the Different Periods." Pathe. An educational picture of unusual interest. The costumes given cover a long vista of history and are very gracefully posed.

The Pastime.

The home of Good pictures. For Sunday's change of program. A coming feature:

"The Drummer Girl of Vicksburg." Kalem. A romantic Civil war production full of thrilling action. Miss Marian Cooper, the athletic young actress whose daring feats have caused universal comment, enacts a part which was written especially to portray her remarkable versatility. The strategy of the two armies and the fearlessness of the young southern girl furnish many exciting moments. In this picture there is given a representation of a battery of four parrot guns in action. A double love story runs through the picture.

"Very Much Engaged." Edison. This is a lively comedy depicting how Reuben, the village heartbreaker, toyed with the love of a number of ladies, each believing him to be true. While thus engaged, his heart took fire for one of them and the wedding rings true.

"Life With a Circus." Selig. An exceptional subject showing in intimate reality, life behind the scenes of a big circus. Here we witness the various animals as they are being trained for new acts. The pictures of the circus parade are delightful and various. Inside the circus we see the actors coming out of the tents to their dressing rooms and then into the big tent again. Then we watch with breathless anxiety ring feats and high air spectacles, etc.

"In Days of Old." Eclipse. A picture containing superb views of old castles and charming landscape. It is a story of a maiden carried off by a "baron robber" and held for ransom and her subsequent rescue by her guardian.

The Cosy.

Monday and Tuesday another "101" Bison feature in two reels.

"The Outcast." (2 reels.) "101"

HUMORS IN THE BLOOD

When the blood becomes infected with any unhealthy humor the effect is shown by some definitely marked disorder like Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc. Humors get into the blood usually because of an inactive condition of the system. Those members whose duty it is to expel all refuse matter do not properly perform their work, and an unhealthy accumulation is absorbed into the blood. Then instead of performing its natural function of nourishing the skin the circulation irritates and inflames it because of its impure condition. A thorough cleansing of the blood is the only certain cure for any skin disease; external applications can only give temporary relief. S. S. S. goes into the circulation and drives all humors from the blood, and in this way makes a permanent and complete cure in every form of skin trouble. S. S. S. supplies the blood with the nutritive qualities necessary to sustain the skin and preserve its natural texture and perfect appearance. S. S. S. cures Eczema, Acne, Tetter, Salt Rheum, and all other skin eruptions or diseases. Book on Skin Diseases and medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

cures Eczema, Acne, Tetter, Salt Rheum, and all other skin eruptions or diseases. Book on Skin Diseases and medical advice free.

A TYPICAL BUCKAROO.

Bison. A trapper living in the forest had dug a bear trap which he covered with boughs, and an Indian girl while hunting wild turkeys fell into the trap and injured her ankle. The trapper cared for her and next morning took her back to the Sioux camp, who were inclined to deal roughly with him until the girl explained. Later the girl was sold to an old Cheyenne chief as his wife, but in rebellion at her fate she killed the chief and escaped. She was afraid to return to her home and takes refuge in the trapper's cabin. The Cheyennes trailed her to the cabin and breaking in they set fire to the cabin and took the girl prisoner. The trapper returning in time to see the Cheyennes taking the girl away, rushed to the Sioux camp and told what had occurred. The Sioux set out in pursuit of the Cheyennes and a fierce fight which the trapper gallops away with the girl. As the sun sinks they see an emigrant train and hand in hand they go to safety.

"Fanchon the Cricket." Imp. A love story of long ago with an atmosphere that reminds one of a fairy story and is very pretty with its lovely scenes, its dances and beautiful costumes.

"A Great Discovery." Solax. A scientist experiments on an incubator for the creation of mankind. His assistant, who is secretly married to the old man's girl, puts their child in the incubator. With glee the scientist tells of his astounding discovery till the frantic mother appears and spoils his hopes.

GRAND THEATRE.

Beeson-Allen Company in a New Bill.

The Beeson-Allen Musical Comedy company opened their fourth night in Pendleton to a packed house. There was an entire change of program, last night's offering being a very funny farce comedy called "The Hindoo Doctor." The play was interspersed with musical numbers and chorus work. Makes a very pleasing comedy production. Mr. Beeson was at his best as the deaf old man and Mr. Vic Allen brought down the house by his characterization of the "coon," Jerry. Mr. Allen, Mr. Whitesides and others in the cast gave excellent sup-

port. Among the song hits of the evening were "Tipperary," sung by Mr. A. H. Freeland, and "That College Rag," by Mr. Whitesides. Miss Richards also did some clever buck and wing dancing. This bill will be repeated tonight and Saturday night with a Saturday matinee. Beginning Sunday afternoon there will be an entire change of program.

AT THE OREGON THEATRE

Beverly Coning.

Dramatically, artistically and scenically perfect was the verdict rendered by Amy Leslie the famous critic of the Chicago News in reviewing George Barr McCutcheon's "Beverly" as produced at the Studebaker theatre. The original Chicago Studebaker theatre cast and production en route to Broadway, New York for an extended engagement will appear at the Oregon, July 27, and should and probably will be greeted by a crowded house. The cast is comprised of some of the most prominent artists who have ever appeared in this city, and the massive scenic production requiring two sixty foot baggage cars for its transportation will be used in its entirety.

The Great Northern has awarded contracts for the rebuilding of its main line between Interbay and Metum, the latter a station a few miles north of Ballard. The work will cost \$1,250,000. It includes 15 complete piers and the substructure of a new bridge crossing Lake Washington canal. There is also to be done \$1,250,000 cubic yards of earth excavation. Railroad men believe that the Oregon Washington will ultimately cross the Lake Washington canal by way of the Great Northern's bridge.

Insect Bite Costs Leg. A Boston man lost his leg from the bite of an insect two years before. To avert such calamities from stings and bites of insects use Bucklen's Aring and pain. Heals burns, boils, ulcers, piles, eczema, cuts, bruises. Only 25 cents at Koepfen's.

DIMICK STOCK FARM POLAND-CHINA SWINE
